## Senate's Failure To Ratify Treaty Leaves President And Cabinet To Face Some Knotty Problems

### DISPUTE ON COMMERCIAL RELATIONS WITH GERMANY

WASHINGTON, D. C., Nov. 20.—Although not changing technically the existing status of relations between the United States and Germany, the senate's failure to ratify the peace treaty of its special session is expected to have an indirect result of some importance on the steps now being taken to restore the world to a peace basis.

One of the first consequences, according to the view taken here, is likely to be the hastening of the negotiations in Paris. Including promulgation of the peace treaty and the diplomatic relations between Germany and the powers which have ratified the treaty, Paris dispatches have said this step was waiting for one thing, the action of the senate, but it is thought there would be no further delay now for that reason.

The new congress will meet on December 1, but not even the most ardent supporters of the treaty believe it would be possible to take it up again at the outset of the session. The Christmas recess was expected to interfere before much could be accomplished, with the result that a clear field for treaty consideration would not be opened before January at the earliest.

One of the other great powers have been asked their establishment of relations with Germany, officials say now arrangements will have to be made by the United States to fit into the commercial scheme this created whatever the United States has with the central powers.

At present the war arrangement by which Spain is taking care of American interests in Germany continues in force and that is not expected to be disturbed. The rationing of supplies of various sorts to Germany must be under the treaty terms, however, and the powerful reparations commission will be set up to determine all the details of Germany's commercial intercourse with other nations.

On this commission the United States will have no representation, though it is hoped to work out a plan by which the body's work in order to protect American interests. The administration officials were not prepared to predict just what form this commission would take nor whether it would be a permanent body or a temporary one.

The state department is emphatic in its view that no American consuls can be sent into Germany until peace has been definitely established between the United States and that country, and that the only way to insure that peace can be built up without the aid of consular officers who are in charge of the situation.

### Much Important Legislation Completed By Extraordinary Session Of The Sixty-Sixth Congress Just Closed

WASHINGTON, D. C., Nov. 20.—While consideration of the treaty of Versailles was the outstanding event of the first session of the sixty-sixth congress—the first in six years in which Republicans have controlled both branches—considerable important legislation was completed and many other measures prepared for disposal when the regular session begins December 1.

The session closing today was an extraordinary one, convened May 19, under a call issued from Paris by President Wilson, to consider primarily the appropriation bills which failed at the session ending last March 3.

Among the principal legislative achievements were:

Submission of the woman suffrage constitutional amendment to the states for ratification. The amendment was adopted 364 to 59, by the house as its first legislative act and by the senate June 4, 36 to 23.

The prohibition enforcement bill, providing for enforcing war time and constitutional prohibition, passed over President Wilson's veto.

The act repealing the daylight savings law also passed over the president's veto.

Providing for return of telegraph, telephone and cable wire lines to private operation.

Continuing government control of dyas to January 15, next.

Extension of the Lever food control law to clothing and other necessities and prohibiting hoarding and profiteering.

Granting permanent rank to General Pershing.

Providing for demobilizing the army to a peace basis of approximately 300,000 men, pending permanent peace time legislation.

Authorizing completion of the government railroads in Alaska.

Continuing war time passport restrictions so as to prevent an influx of radical aliens.

Ten appropriation bills aggregating about \$3,000,000,000 also were passed. They included \$750,000,000 for the railroad administration, \$772,000,000 for the army, \$616,000,000 for the navy and a sundry civil budget of \$613,000,000.

Numerous minor bills and resolutions also were enacted. The German treaty so consumed senate attention that it shut out consideration of much legislation. Senate discussion of the treaty began May 23, but the document itself was not submitted by President Wilson until July 10. Committee hearings and consideration required two months, the report with 14 reservations being made to the senate September 10.

Deliberations on the treaty evoked one of the most bitter and prolonged conflicts between congress and the president in American history, with the controversy centered largely about the League of Nations' covenant.

### AUSTRIAN VIOLINIST CANCELS CONTRACT

LOUISVILLE, Ky., Nov. 20.—At the suggestion of Mayor George W. Smith, Fritz Kreisler, Austrian violinist, cancelled his contract for an appearance at one of the local opera houses here tonight.

### ARGUMENTS HEARD ON WAR-TIME PROHIBITION

WASHINGTON, D. C., Nov. 20.—President Wilson will make no move to rescind the war-time prohibition act until peace has been declared formally, it was stated officially today at the White House.

WASHINGTON, D. C., Nov. 20.—The supreme court was asked today to determine the constitutionality of the war-time prohibition act as well as the Volstead prohibition enforcement act, during arguments in appeals brought to test congress' right to prohibit the manufacture and sale of intoxicants.

While many conflicting decisions have been rendered in various parts of the country upon the question, today's arguments involved only three cases, one from Kentucky, in which the war-time act was declared unconstitutional, and two from New York, in which the authority of congress to make the country dry, but to enforce it, was sustained.

Failure of the senate to ratify the treaty of Versailles was regarded by attorneys in the cases as only complicating the situation because of the delay in the determination of the technical state of war but the court's willingness to expedite the cases is regarded by court officials as indicating the court's intention to decide the question with as little delay as possible.

The first case argued was that of the Kentucky Distilleries and Warehouse Company, in which Federal Judge Frank of Louisville declared the war-time prohibition act to be invalid and enjoined internal revenue officials from preventing the withdrawal of a large quantity of whiskey from bonded warehouses.

### BANDIT THANKS RAILROAD

CASPER, Wyo., Nov. 20.—William Carlisle, train bandit, walked into the Western Union office here today, while scores of heavily armed men searched the surrounding country for him, and sent a telegram to the Union Pacific railroad officers in Cheyenne, thanking the railroad for the money he secured from passengers on the Los Angeles limited train, which he held up near Medicine Bow Tuesday night.

The message read:

"Union Pacific, Cheyenne.

"Thanks for haul on your limited.

Some detective force!"

(Signed) "CARLISLE."

### BATTLESHIP IS LAUNCHED

VALLEJO, Cal., Nov. 20.—The super dreadnaught California was launched successfully at 11:45 a. m. today at the Mare Island navy yard. The ship, which is the largest and most powerful of the big battleships now being built, was launched on the slipway from the ways, failed to hold and crashed into a pier, tearing away piling. The damage was slight and no one was injured.

### AFFRONT TO GOVERNMENT

WASHINGTON, D. C., Nov. 20.—Mexican rebels in kidnapping Willam O. Jenkins, American consul at Vera Cruz, Mexico, intended to commit a direct affront to the American government, Jenkins declared in a letter received here today by Representative Davis of Tennessee.

## SENATE LAYS ASIDE TREATY AND ADJOURNS LEAVING THE NEXT MOVE FOR PRESIDENT

WASHINGTON, D. C., Nov. 20.—On Senator Lodge's motion to take up legislative business, no roll call was requested and the vice president declared it adjourned sine die.

The final vote on adjourning sine die was 47 to 27.

**Note To Adjourn**

Senator Lodge after adjournment, declared "the treaty is dead so far as this senate is concerned."

Republican leaders said the senate need not advise the president of its action nor return the treaty to him with formal notice.

Four Democrats, Gore, Shields, Smith, of Georgia, and Walsh, of Massachusetts, voted, with thirty-five Republicans for adjournment.

Democratic senators favoring ratification either without reservations or with less drastic interpretations, voted against the resolution, which had been described by President Wilson as one of "nullification" rather than ratification.

The negative vote consisted of 22 Democrats and 13 Republicans. The latter were: Borah, Brandegee, Fernald, Francis, Gurnea, Johnson, of California; La Follette, McCormack, Moses, Norris, of Minnesota; Sherman, of New York; and Tamm, of Virginia.

**For Adoption**

Republican—Ball, Calder, Cooper, Colt, Cummins, Curtis, of Illinois; Harding, Jones, Washington, Kellogg, Kenyon, Keweenaw, Loomis, McCombs, McLean, McNary, Nelson, New, Newberry, Park, Peck, Phipps, Enoch, Spencer, Sterling, Sutcliffe, Townsend, Wadsworth, Warren and Wilson—25.

Democrats—Gore, Shields, Smith, of Georgia; and Walsh, of Massachusetts. Total for adoption—38.

**Against Adoption**

Republicans—Borah, Brandegee, Fernald, Francis, Gurnea, Johnson, of California; Knox, La Follette, McCormack, Moses, Pennington and Sherman—13.

Democrats—Ashurst, Binkley, Clegg, Chamberlain, Cushing, Dill, Fletcher, Gay, Gerry, Harris, Harrison, Henderson, Hitchcock, Johnson, South Dakota; Jones, New Mexico; Kendrick, King, Kibbe, McElroy, Myers, Nugent, Overman, Owen, Phelan, Pittman, Venable, Ruggell, Reed, Robinson, Simpson, of Missouri; Smith, Arizona; Smith, Maryland; Smith, South Carolina; Stanley, Swanson, Thomas, Tamm, of New York; Walsh, Montana; Williams and Wolcott—42.

Senator Fall, Republican, of New Mexico, the only absent member, was opposed to the Lodge resolution, according to announcement by Senator Curtis, Republican whip.

With the much debated and much contested document thrust back upon him, the next move is up to the president, and today there was no indication what course he would pursue. In any event, it was not believed there would be any developments until congress reconvenes December 1, in regular session. Opinion as to what may be expected then is divided. Senator Lodge, majority leader, who led the forces opposed to adoption of the treaty as presented, declared that the failure of the ratification last night

## New Wage Offer Totally Inadequate, Say Miners

### SOCIALISTIC LITERATURE IS BURNED

COVINGTON, Ky., Nov. 20.—A delegation of former service men late last night burned a large bundle of Socialist literature in front of the headquarters of the Socialist party hall here. Among the papers burned, it is said, were copies of a Socialist paper printed in Dayton, Ohio. The police say that a negro boy obtained the bundle last Tuesday from the office of the American Railway Express Company. John Thobe, who was candidate for lieutenant governor on the Socialist ticket and to whom the literature was consigned, said today that he did not send the boy after the bundle.

### DONAHUE FLAYS NEW HUGHES HEALTH CODE

COLUMBUS, O., Nov. 20.—The new Hughes health code providing for a reorganization of Ohio's public health system, effective January 1, was severely criticized in a communication addressed to all county auditors by State Auditor A. V. Donahue, today. This, it was said, is the beginning of a movement to have the Hughes law repealed or declared unconstitutional.

Based upon information gathered from 73 of the 88 counties, and estimates for the other 15, Donahue says the new code would impose an added burden of \$1,000,000 on the "already overburdened taxing districts."

Donahue estimates in his letter that the operation of the law, if requests of the district boards of health are allowed, would cost \$1,357,693.50, as compared with a cost of \$29,400 for 1919, under the old law. This, says Donahue, is 45 1/2 cents per capita.

"Hundreds of townships in Ohio would be left without a single cent," says the state and tor's letter to county auditors "and municipalities would find it difficult, if not impossible, to meet these new demands."

### DISASTROUS FIRE IN AKRON

AKRON, O., Nov. 20.—One fireman was injured, several persons narrowly escaped suffocation and the lives of one city patrolman and seven firemen were imperiled in daring rescues of fire-imprisoned victims during a night conflagration that did \$70,000 damage to the building occupied by the Boston restaurant and hotel, 600 1/2 South Main street. Fireman F. O. Flood was overcome by smoke while ascending the stairs to the second floor, to rescue a woman and fell down stairs unconscious. He suffered severe bruises.

## Rioting In Cairo

CAIRO, Sunday, Nov. 16.—Ten were killed and 120 injured, 70 of whom suffered gunshot wounds, in a riotous demonstration, which continued here all day today.

Three police stations were set on fire by mobs which liberated prisoners and paraded the streets, carrying wounded rioters. British troops restored order.

## Wilson Names New Industrial Conference

WASHINGTON, Nov. 20.—President Wilson today appointed a new industrial conference and called it into session here December 1.

The conference will be composed of seventeen men including government officials, business men and former members of the cabinet and former governors of states and it will carry on the work undertaken by the national industrial conference, which foundered on the rock of collective bargaining.

The personnel of the conference follows:

Secretary of Labor Wilson; Former United States Attorney General Thomas W. Gregory and George W. Wickersham; Former Food Administrator Herbert C. Hoover; Former Secretary of Commerce Oscar S. Straus; Henry M. Robinson, Pasadena, California; Professor Frank W. Taussig, former chairman of the tariff commission; Former Governor Daniel W. McCall, of Massachusetts; Former Governor Martin H. Glynn, of New York; and Henry C. Stuart, of Virginia; Dr. W. O. Thompson, president Ohio State University; Richard Hooker, Springfield, Mass.; George T. Slade, St. Paul; Julius Rosenberg, Chicago; Owen D. Young, of New York City; H. J. Waters of Manhattan, Kansas; and Stanley King, of Boston.

The president's letter of invitation follows:

"In accordance with the suggestion given me by the public group of the recent industrial conference, I am calling a new body together to carry on this vitally important work and I trust you will give me the pleasure of naming you as one of its members."

"Guided by the experience of the first conference, I have thought it advisable that in this new body there should be no recognition of distinctly groups, but that all of the new representatives should have concern over our industrial and economic situation, and that they should be guided by justice and fair dealing that the workman will feel himself impelled to put forth his best efforts that the employers will have an encouraging profit, and that the public will not suffer at the hands of either class."

It is my hope that this conference may lay the foundation for the development of standards and machinery within our industries by which these results may be attained.

"It is not expected that you will deal directly with any condition which exist today, but that you may be fit enough to find such ways as will avoid the repetition of these deplorable conditions."

### WILSON NAMES NEW INDUSTRIAL CONFERENCE

WASHINGTON, D. C., Nov. 20.—An increase in wages of 15 cents per hour and 20 percent over the existing day scale, to become effective, immediately, the bituminous coal miners return to work, was offered by the operators at the meeting today of the new industrial conference in the central union, which is the central union of the bituminous field.

In announcing the offer, Thomas T. Brown, chairman of the operators' wage scale committee, said the operators had proposed the existing working conditions be continued and that the contract be operating until March 31, 1922.

John L. Lewis, acting president of the United Mine Workers of America, declared the increase was totally inadequate, adding that the miners had not assumed the offer had been made seriously. The operators, he said, had proposed increases in the price of miners' supplies which would absorb practically all the wage advances.

Nothing was said about reduced hours, although the miners had demanded a 30 hour week. An increase of 15 cents a ton, it was explained, would be an advance of 20 percent over present wages for machine mining as compared with the 60 percent increase demanded by the workers.

CHICAGO, Nov. 20.—Regional directors of railways today had a free hand in dealing with curtailment of non-essential industries and unnecessary passenger traffic and extraordinary efforts to conserve and distribute the nation's steadily diminishing coal supply were being made. Under that authority granted by Walker D. Hines, federal director general of railroads, after a two day conference, the seven regional directors, the entire south, west of the Mississippi and south of the Ohio river, except for a small area in the Potomac region, today had been placed on a war-time ration basis, and shipment of trains in addition to the 140 already taken off, was under consideration.

Other drastic action looking toward conserving the available supply for essential industries, public utilities and domestic consumers included, stopping deliveries to all non-essential industries in Cleveland and deliveries in Omaha, Nebraska, only on written application approved by the local coal committee.

Except in the West Virginia fields, upon which it was announced the rest of the country would draw for strictly necessary requirements, there was little hope today for increased production.

"Should the apparently deadlocked conference at Washington not reach an agreement within a week, martial law in mining districts and state operation of mines was planned in Iowa, Governor Harding said he was considering taking over the mines, offering the miners an increased wage and compensating the operators until a settlement was reached.

The first troop movement into a coal field since the first days of the strike was reported from Wyoming. Thirty soldiers were sent to Winton, Wyoming, where a small group of alleged alien miners, armed with rifles, stopped American and naturalized workers from returning to the pits.

LEXINGTON, Ky., Nov. 20.—Circuit Judge Wm. A. Young, of the Bath-Rowan county district, and former County Judge Harlan Sexton, of Meade county, were killed here late this afternoon, when their automobile was struck by a C. & O. freight train.

## Varga Defeats Ellis

John Ellis, of Charleston, S. C., went down to defeat for the first time this season when Joe Varga defeated him last night in one of the best bouts seen here this year. The Greek was in great condition and put on a splendid

bout, taking the first fall in 23 minutes with a body scissor and arm lock. Varga took the next fall with a toe hold in fourteen and one half minutes and repeated in two minutes, the Greek having one of the bones of his instep dislocated.

Ellis was sorely disappointed over the outcome of the bout, being confident that he could get the better of Varga. On several occasions he let the latter trick him into an unbreakable one and came down hard on it. The Greek asked for a return engagement and the crowd seemed to favor giving him another chance.

The six round boxing bout between Jack O'Toyle and Frankie Ross was a good one and pleased the crowd, both boys working hard. O'Toyle had a broken right hand, injured a few weeks ago, and in the first round he landed a solid crack on Ross' head and put the hand out of commission, again.

Charles Burt and Jimmy George, who have already met twice in preliminary bouts without either getting a fall, went fifteen minutes without results and will be matched for a two out of three finish bout next time.

## CHARITY BALL PARADE IS SUCCESS

The Portsmouth Lodge of Elks, to be held Friday night, December 5, staged a real auto parade in Portsmouth last night.

Designed to boost the Charity Ball to view it and the line of march was

illuminated with red fire. A band occupied a big truck, which headed the parade, and it continued matters with stirring music.

The motor cavalcade tested its way through the city and the sympathy of citizens' friendly, forcibly reminding them that the Charity Ball is an approaching event and it is to be made a memorable affair in Portsmouth.

"We had almost 50 machines in the parade with Elk boosters, and the parade was a big success," Chairman Oscar Monrad said last night.

## Feeble Old People

**Gain Strength and Vigor rapidly on Vinol, our Cod Liver and Iron Tonic.**

The lad was brought to Dr. Walter Brumfield's office last night, to have his face treated; the boy's eyes being badly injured. The skin, suffered terrible pain from his burns for several days before being brought to the city for medical attention. Dr. Brumfield is confident the sight can be saved although the lad's eyes will have to be bandaged at some time.

He had carefully removed the shot from the shell and had no doubt . . .

When he lighted the match the powder ignited and the flames burst in his face. His face was burned almost beyond recognition and it is swollen to almost twice normal size. He was brought to Portsmouth late yesterday and after receiving medical attention was removed to the home of his aunt, Mrs. Alex Sedler, on Third street.

**Machinery Arrives**

After many vexatious delays, the machinery for Peter Berare's new and scientific carpet cleaning plant has arrived and is now being assembled and will soon be in operation at 1106 off- . . .

The most complete of its kind in the country, being electrically driven and is guaranteed to get out every speck of dirt and to restore the natural color. It is something entirely new in the carpet cleaning business and no doubt the plant will be kept in steady operation. Mr. Berare is one of the pioneers in the carpet cleaning business in Portsmouth, and in setting up an entirely new plant was determined to get the very latest machinery possible. He hopes to have the plant in full operation by no later than the first of the coming week.

If Distel sold it, it's good.

**PURE BRED CALF CLUB**

A pure bred beef calf club is to be organized in Scioto county.

This fact was assured last night when breeders of pure-bred Shorthorn, Angus and Hereford cattle held a meeting in the office of County Farm Agent Walter Gahn.

Frank Raymont, James Folsom, Carl Appel, George Apple, M. J. Caldwell, Earl Stout, W. J. Shannon, Henry Huel, and Daniel Oakes were present and were addressed by Assistant State Leader of Boy's and Girl's Club Work, R. B. Spohn, who explained the methods followed in the organization of calf clubs.

The members of the committee are M. J. Caldwell, Carl Appel, James Folsom, and W. F. Gahn. This committee delegated each Shorthorn, Angus and Hereford breeders of the county to secure at least two boys or girls as members of the Club. These men will meet on the evening of December 2 at which time the names of the boys and girls whom they have enrolled will be reported. It is the intention of the committee to have the calves with the Club members and actual work started not later than January 15.

Milk's Emulsion has been wonderful. The result has been wonderful. I can eat solid food, my bowels have improved and I feel like a new man. Any one suffering as I did should lose no time in starting on Milk's Emulsion."

M. F. Whitesides, 2141 S. 6th St., Springfield, Ill.

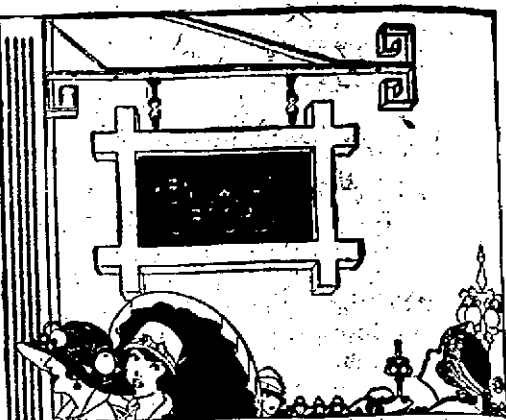

The more pills you take, the more you'll need. Break away from them. Milk's Emulsion costs nothing to try.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and purgatives. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in restoring and creating the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. ## One Dessert Free

A Real-Fruit Dessert For Six People

This is an offer to buy you this week a Jiffy-Jell dessert for six people.

Many housewives don't know what Jiffy-Jell means to them. They know the old-style quick desserts, but not the new.

Jiffy-Jell brings you real-fruit flavors—not the artificial. Each package contains a bottle of fruit juice condensed. We crush the real fruit, and much of it, to flavor a Jiffy-Jell dessert. A Jiffy-Jell dessert seems filled with fruit. Here you get fresh-fruit delights. And you get its healthful acids, needed every day.

### Try One Fruit Free

Present the coupon to your grocer this week. Buy two packages of any flavor and he will give you a full-size package of Jiffy-Jell in Loganberry or Pineapple flavor free. We will pay him for the free package. This will give you three packages for the price of two.

Jiffy-Jell comes in many fruit flavors, but the choicest are Loganberry and Pineapple. You will find in each package a bottle of the fruit-juice flavor in liquid form, condensed.

The Jiffy-Jell mixture is ready-sweetened, acidulated and in proper color. Simply add a pin of water as directed on the package, then the flavor from the vial, and let cool.

See what you get—a real-fruit dessert for six people. It will have a wealth of fruit. It will change your whole conception of quick gelatin desserts.

Note that this offer is made on two flavors—on Loganberry and Pineapple only. Your grocer has no right to offer another.

We want you to know Jiffy-Jell at its best. Then always remember that this real-fruit dainty is ever at your command. It will bring you the joys of real fruit. And it will cost you, when you buy it, only a few cents per dinner. It will cost you less than the fruit alone which we use to make the flavor.

This offer is for this week only. Cut out the coupon now. If your grocer lacks the flavors mentioned, go to another store.

Pineapple Juice

Comes condensed in a bottle in Pineapple Jiffy-Jell. We use the juice of half a Pineapple to flavor a pint dessert.

Loganberry Juice

Comes condensed in a vial in Loganberry Jiffy-Jell. You get the juice of many berries in a pint dessert.

### Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it. To do this, get about an ounce of ordinary liquid arsenic; add at night when retiring; use enough to moisten the scalp and rub it in with the finger tips.

Do this tonight, and by morning, not all of your dandruff will be gone. Three or four more applications will completely dissolve and entirely destroy any single sign and trace of it, either how much dandruff you have.

You will find, too, that all itching of the scalp will stop at once and your hair will be fluffy, lustrous, glossy, silky and soft, and look as if a hundred times better.

You can get liquid arsenic at any drug store. It is inexpensive and never fails to do the work.

## SOCIETY

The Woman's Literary Club is arranging to give a musical and tea on the evening of Friday, November 23, at the home of Dr. and Mrs. P. J. Kline on Fourth street. Miss Evelyn Reed is the chairman of the committee. All members are requested to send in their acceptance by next Wednesday.

The Coffee Social of the Central Presbyterian church, which was to have been held today at the home of Mrs. Alfred Schirrmann, will be held Friday afternoon.

Mrs. E. L. Schusky, proofreader of The Times, has returned from Cincinnati, where she consulted Dr. Robert Sattler, eye specialist. She was the guest of Mrs. Albert Frank, Newport, while out of the city.

Mrs. Samuel Rosenthal of Fifth street is improving slowly from her recent illness.

A session of the Ohio Welfare Conference is being held in Cincinnati this week and is being attended by a great many social workers in the state. Mrs. Edward S. Gillman, joint director here with her husband of the Bureau of Community Service, is spending today and Thursday at the conference.

### (Housewife)

A delegation from Ironton Camp No. 7773 Royal Neighbors, went to Portsmouth Monday afternoon to attend a installation of a large class into Portsmouth council. The work was put on by the Chillicothe team and was excellent. Forty new members were taken in. Mrs. Eva B. Childs, National Oracle of Wisconsin, and Mrs. Minnie Schott, supervising deputy, Rock Island, Ill., delivered addresses on "Special Instruction."

The following Ironton ladies attended: Mrs. Etta Boothby, Mrs. Dennis Holdridge, Mrs. Arthur Jenkins, Mrs. M. P. Loftus, Mrs. W. M. Willis, Mrs. Edw. Wilburn, Mrs. John Griffith, Mrs. John Butler, Mrs. James Earle, Mrs. Hannah Massey, Mrs. Cora Pyles, Mrs. John Ruggles, Mrs. Dorothy Scott and Mrs. Anna Harris.

Mrs. Ralph Sullivan of Piqua, guest of Mrs. James W. Hanson of Beacon Place, was a guest at the Clover Club meeting last night at the home of Miss Emma Johnson on Second street. A most interesting collection of old-fashioned shawls and comforters added much to the program on "Festivities." Misses Jeanette Shook and Edna Davis will be the hostesses of the next meeting, December 2.

Mr. Harry Doerr, of Fourth street, will leave Friday for Columbus, where he will witness the Ohio State-Illinois football game Saturday.

Mrs. Elizabeth Mader has returned to her home in Cincinnati, after a visit with Mrs. John Wente of Fourth street.

## Who Really Does the Washing?

When you use ordinary soap, you usually have to depend on a lot of hard rubbing to get out the dirt. It is a long, tiresome job.

If your washday is like that—then YOU do the washing. But—

## if you wash the Fels-Naptha Way

with Fels-Naptha Soap—that's different. The NAPTHA does the hard work of washing. It dissolves out the dirt while the clothes are soaking. No hard rubbing is required, nor do you have to boil the clothes unless you really want to.

The washing is quickly done. And the clothes are sweet, clean and snowy white. Thousands of women call Fels-Naptha an old friend. Make it yours also—it is the original naptha soap.

## MISS DOLLY WISE

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly Wise—There is a question I would like to ask, through your column, and one which I am sure, a good many more of our city's suffering public would like to hear the answer. Perhaps someone in authority at the High School can answer it. It is concerning the ill-effects of ventilation of the auditorium, during entertainments. What is the idea in keeping the windows all closed until everybody is comfortably seated with wraps removed, then opening all windows on both sides and freezing everyone. It has always been the method and I, for one, have never sat in that auditorium once, without taking a severe cold, and I have heard of

less fifty people say the same thing. At a recent entertainment, two gentlemen got up and put down the window shades right on them, and still the ones in charge did not seem to see. Cannot this be remedied?

PORTSMOUTH CITIZEN.  
The ventilation system is due to the architect who made plans for the building but perhaps thought on the subject he the proper persons would develop some good way to remedy the trouble.

Dear Dolly—I have a lady friend living in another state whom I have

corresponding with for a year or more and visited with her a week on my return home from military service. She was very kind to me while in the service. She sent me many pictures which I appreciate very much. She has a high standard among the young people of her home town and is a good worker in the church. Since I visited with her we have been more than mere friends. To show my appreciation for her kindness I wish to send her a gift for Christmas that she will appreciate. It is 20 cents of age.

New Dolly, can you recommend something as a gift? I am suitable. She likes rings, bracelets, wrist watches, and I am at a puzzle to know what would please her most. You know the tastes of women more than I do so please help me out.

A DAILY READER.  
Why not just give her yourself?

Miss Dolly Wise—As I am in trouble I see you give so many good advice I thought I would come to you. I am a married man. My wife and I are separated but we are not divorced yet. I am going with another woman and she tells me we could live together without getting married as she knows a man and woman who lived together and were not married. If they could live that way couldn't we do the same and not be arrested? I don't want to get in more trouble than I am in now.

A TROUBLED MAN.  
I'm going to tell you something I hope you won't forget. A good woman is not wanted to wear such an ornament as you mention. Not for themselves alone, for a woman in love thinks very little of herself but if she loves a man she is not willing to let him do something which will spoil his life.

I don't think this woman is the sort of kind of fellow to get when she comes for her general life to arrest. It is unlawful any place to live together as man and wife unless you are legally married.

Dear Dolly—Would you please give me advice as I am a girl 15 years old and I am in love with a boy and I am not sure if I should marry him or not. I have a very good friend who is a girl and she is in love with a boy and she is not sure if she should marry him or not. I have a very good friend who is a girl and she is in love with a boy and she is not sure if she should marry him or not.

## Examine the Ocular Resources

No single method of examining the ocular resources can or should be considered sufficient. That which one method fails to reveal or disclose may be made apparent through another. We use several different methods in routine of examination of vision and muscles of the eyes. Tests for distant vision must be made at not less than twenty feet.

## JACKSON NEWS

### Partition of The McLaughlin

Lands Asked For  
Hon. S. D. McLaughlin of Waverly through his attorney C. M. Caldwell, of Waverly, has petitioned for the partition of the old McLaughlin farm near Waverly in Jackson county. His brother,

Dr. A. E. McLaughlin, long time a resident of Washington D. C., is made defendant. There were nine heirs but Dr. Oscar McLaughlin sold his ninth to the other heirs.

In late years, A. E. McLaughlin, Charles McLaughlin and Ida Moore,

sole heir of James McLaughlin, and now owns five eighths of the estate. S. D. McLaughlin has acquired the interests of William A. McLaughlin and Sorelda Johnson, wife of J. W. Johnson of Circleville, now owns three eighths. The farm which contains about one hundred and ninety seven acres descended to these heirs from Aaron McLaughlin, who for half a century was the Democratic leader in the strong Welsh Republican township of Madison. The first election in this township was held at the home of Jacob Moler on this farm in March, 1810.

### The Hunter Hunted

Marshall Ross Fisher of Wellston, boarded the Jinxing Valley mail when it arrived from Columbus Monday evening and arrested a young man sitting in the coach. In compliance with the instructions in a telegram from Cleveland, charging the lad with murder. His name is Arthur Mann, and he is the son of Mrs. Ella Johnson of Richmond, aged about 16 years. Last Saturday he joined in a trap game in a field in Cleveland, and got into a dispute with Alonzo Blackman the negro who was conducting the game, over the sum of a dollar. A fight occurred, and finally Mann, who had been knocked down two or three times, drew his pocket knife with about a three inch blade, and stabbed Blackman above the heart. Blackman struck him again with a rock and then left him. Mann went to the Morris Saturday night, and started for the hunting field near Waverly in Jackson county on Sunday. He had planned to come to Jackson county a horse, and then in company with Texas Ford to go in quest of the lost trap. But near Waverly, Marshall Fisher arrested him and the Cleveland officer will take Mann back today.

## HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

Mr. Frank Harbaugh of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Turbo Compound and 1-4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."

William Anderson of Tenth street is seriously ill with static rheumatism. He is one of the pioneer residents of Portsmouth.

## CLOSING MEETING AT FRANKLIN AVE. BEST OF ALL; DR. RILEY MAY RETURN

A great climax was the closing meeting of the Bible Conference, held at the Franklin Avenue M. E. church the past four days. The attendance was the best of all the services of the week. In fact, it was the largest audience that has ever gathered in this church. Persons even traveled from Huntington to hear the preachers of international fame that have graced the conference and city of Portsmouth with their presence and wonderful sermons. Some people have ventured the assertion that these meetings have meant far more to the spiritual life here than the coming of Billy Sunday, some years ago. Without any doubt, some of the most powerful and uplifting sermons were delivered that were ever held in the local pulpits.

Especially convincing and appealing was the spirit-filled message of Dr. W. H. Riley, of Minneapolis, Minn., on last night, when he spoke of "The Resurrection of the Believer's Body." No one could hear this address without having the life beyond the grave brought home to him with mighty reality. The sermon was really an exposition of 1 Corinthians 15:35-55, and like all the other sermons of the conference was scriptural, filled to overflowing with quotations from the Word. "First, of all," said the speaker, "Paul promises the resurrection through the grain of wheat. 'To every seed his own body.' This proves the individuality of the believer. Nevertheless there will be marked improvement in the resurrection. As there are celestial and terrestrial bodies, and each has its glory, and as one star differeth from another star in glory, so also is the resurrection of the dead. This improvement will be marked by the new law which we shall bear, that of the heavenly. This cannot again be effaced for the corruptible will have put on incorruption, and the mortal immortality. All of which will inspire to be steadfast, unmovable, and always abounding in the work of the Lord."

At the close of the address, Dr. Riley promised a return to Portsmouth in the near future, and all Christians will long for that coming.

**TRAGEDIES OF DESPAIR**  
and over eating are numerous, but the worst tragedy of all is indigestion. No longer any excuse to suffer with liver, stomach trouble, indigestion, etc., when Dr. Huxford's Vegetable Compound, day treatment, etc., all druggists will readily rid you of all these ills. Try today. —A.D.

in connection with the theft of an overcoat from an N. & W. section hand at Litchfield yesterday. It is alleged the two negroes while passing through the village yesterday on a freight train jumped off and pilfered the coat and then got aboard the train again.

**Brame Wins**

John Brame came out the victor in the legal fight with his former wife, Ida Brame-Blake over the possession of their 12-year-old son, through an opinion handed down by the Court of Appeals today, sustaining the motion to dismiss her appeal relating to the custody of the child.

The plaintiff appealed from the order of Judge Thomas giving the custody of the child to the father at the time of granting him a divorce from the wife last summer, on the ground of infidelity. The court held, in dismissing the appeal, that the question of custody of children was so closely connected with the question of divorce and alimony, it could not entertain the appeal.

The child has been in the custody of the mother since the divorce hearing, pending a decision on the appeal, the dismissal of which gives the child to the father. Attorney A. H. Bannan brought the appeal and was on the losing side, opposed by Attorneys Milner, Miller & Searl for the winner.

**McFarland Seeks a Divorce**

In his suit filed in Common Pleas court today for a divorce from Lizzie McFarland whom he married Nov. 17, 1917, James McFarland, Robinson avenue, accuses her of preferring the company of other men and on one occasion he accuses her of having a "hotter man" in a bed room at his home with the lights out. He further declares that yesterday she cursed him and ordered him away from their home which he complied with, he says, but when he returned this morning she met him at the door with a butcher knife and furthermore declared if she had a gun she would shoot him, he asserts.

McFarland sued through Attorney George W. Sheppard and he secured an injunction restraining the defendant from disposing of their real estate which is in her name, and other personal property, pending the final hearing of the case.

**Ordered To Delaware**

Mary E. Dalton, 14, Barden township girl, was found guilty on a charge of delinquency in Juvenile court today and Judge Gilliland ordered her committed to the Girls' Industrial Home at Delaware.

The girl was brought into court on complaint of her mother, Pearl Dalton, who alleged that she was incorrigible. The girl has no home, her father being dead, and the court decided that the Delaware institution would be a good place for her.

**Local Witnesses To Testify In Big Suit**

A number of witnesses from here and at Barden, including Drs. S. S. Henderson and George Marshall, of this city and Dr. H. F. Clark, A. McCann, John W. Newman and Elwell Taylor, of Barden and David Burnett of Olney, will go to West Union on Nov. 25, to appear as witnesses in the suit of John Board, against Walker D. Board, Director General of Railroads, which will go to trial before Judge Stephenson and a jury in the Adams County Common Pleas court on that day.

Board was among those injured when an N. and W. freight train collided with a motor car which was carrying a bunch of workmen to work the accident occurred near Hentley on Sept. 11, 1918, and Board sued for \$25,000 damages for personal injuries he alleges he sustained. Four men were killed and a score of others injured in the accident.

**Damage Suit Echo of Collision**

An echo of a collision between a street car and a motor truck which occurred at West and Rhodes avenues, New Boston, on February 23, 1918, was the filing of a suit in Common Pleas court today by The Portsmouth Street Railway & Light Co. through Attorneys Milner, Miller & Searl demanding \$500 damages from the Sheridan-Kirk Contract Company, alleged owners of the motor truck. The vestibule of the street car was crushed, the frame of the car and the controlling mechanism of the car damaged, it is alleged, and furthermore, it is charged, the accident was due to the carelessness and negligence of the driver, Thomas A. Sheridan, in driving the vehicle in not keeping a proper lookout for other vehicles ahead of him.

**Motion Overruled In School Board Suit**

The Court of Appeals in an opinion handed down this morning overruled the motion to dismiss the appeal in the case of the Sciotoville Board of Education against the New Boston Board of Education a suit brought to settle a dispute over the distribution of school funds collected on territory transferred from Sciotoville school district and annexed to New Boston school district in 1915. The suit was brought in the Common Pleas court and it was dismissed by Judge Thomas on demurrer to the petition. The plaintiff through Attorneys H. W. Milner and A. Z. Blair then appealed the case and through Attorney R. F. Kilmale's motion being dismissed. It was given leave to plead further in the Court of Appeals.

## Tartar on Teeth Shows You Leave the Film

All Statements Approved by High Dental Authorities

## Free

A 10-Day Tube of Pepsodent to show you its effects. See coupon.

## Remove the Film

Film is the basis of tartar. It is the source of discolored teeth and decay.

In brushing teeth you leave a slimy film. You can feel it with your tongue. It clings to teeth; enters crevices and stays. Your tooth paste cannot dissolve it. Most tooth troubles are now traced to that clinging film.

That film is what discolours—not the teeth. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the one great object in cleaning teeth should be to end that film.

Dental science, after years of searching has found a way to do that. For home use the way is now embodied in a dentifrice called Pepsodent.

The results are known. Convincing, clinical and laboratory tests have proved them beyond question. Leading dentists everywhere now advocate its use.

## A 10-Day Test Supplied

We now send a 10-Day Tube to anyone who asks. Thus we are starting countless people toward cleaner, safer teeth.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object is to dissolve the film then to day by day combat it.

The way seems simple, but pepsin must be activated. The usual method is an acid harmful to the teeth. It is the invention of a harmless activating method which makes pepsin possible. That, with other Pepsodent ingredients, is doing now what was never done before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Read the book we send you. Learn the reason for these things. Then judge for yourself if you want your teeth kept in that way always. Cut out the coupon now.

## ART EXHIBIT WELL WORTH INSPECTION

In the corridors of the second floor of the High School building, the art exhibit made its first appearance yesterday. The exhibit, which contains copies of 200 of the world's most famous paintings and photographs, will be held today and Friday, as well as this evening. Each day's exhibit starts at 3 p. m. and lasts until 9 p. m.

In Chapel exercises Wednesday, Principal C. E. Statley announced that the tickets, which sell for 10 cents, are being quite fast, and that he expected each student to purchase a ticket and see the beautiful and famous exhibits.

To see the originals of these 200 famous works would necessitate touring the entire world. A great many of the originals, however, have been purchased by wealthy men of this country

and can be seen in the art galleries in the East.

Principal Statley and Professor Bert Leach have each offered prizes of their original hand painted works to the assemblies selling the most tickets. The producing company has also offered two prizes to the rooms selling the most tickets.

The domestic science girls of the High School are making pumpkin pies which they are selling for a dime at the exhibit—the proceeds of the sale to go toward buying equipment for the Domestic Science Department.

A great picture of the golden days of old California

## Monroe Salisbury

in his newest big romantic drama

## The SUNDOWN TRAIL

"Sundown Trail" a Drama of Old California, Starring the White Actor, Monroe Salisbury, At The Exhibit Tomorrow and Saturday—Also a New Rainbow Comedy

The west that was, with its picture-escape lawlessness, its daily shooting scrapes, its gaily dance halls, its heart-dores and the fierce, untamed passions of its red-blooded men and women, is depicted in "Sundown Trail," Monroe Salisbury's latest picture, which comes to the Exhibit Theatre tomorrow and Saturday. Salisbury is seen as Quiet Carter, an ex-gang Southerner, who goes to a wild mining camp to discover that red blood counts for more than blue and that the survival of the fittest in that community is largely a matter of a quick trigger finger. The film is replete with gripping dramatic action and picturesque western scenery. It's a picture you will enjoy immensely. About miles in. A screaming, funny new Italo-comedy starring Charlie Chaplin. The picture will be an added feature on the bill. The prices for seats are: adults, 20 cents; children, 10 cents.

"The Third Degree," Adapted From The Family Stage Play, and Starring Beautiful Alice Joyce, Will Do At The Strand Tonight—Also "Smashing Barriers."

Alice Joyce adds new fame to an already famous role, that of Annie Sands, in "The Third Degree," a picture with gripping dramatic action and picturesque western scenery. It's a stage success of the same name written

by the late Charles Klein, and which will be seen at the Strand tonight. Miss Joyce portrays a waitress who marries the son of a millionaire, a college youth. She and her husband are divorced and when he is accused of murdering a woman, and confession is extorted by police "third degree" methods, his father refuses to help him.

The story centers about her heroic and successful fight against such tremendous odds to save him from the chair, her sacrifice including even her willingness to swear away her own honor, to shield her mother-in-law trying to keep hidden a "chapter" in her own past life.

FLORENCE BILLINGS "WIT WINS"

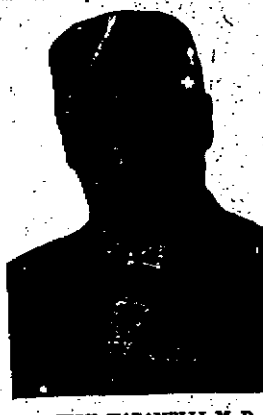

Florence Billings At The Exhibit Tonight Only In "Wit Wins," The Season's Greatest Mystery Play—Also Showing Marie Walcott In "Tempest Cody Gets Her Man."

Florence Billings, the celebrated emotional star will be at the Exhibit theatre tonight for the last time in the latest Hallmark picture "Wit Wins." The theme of this picture is based on the clever operation of a girl to restore to her father his fortune, which was taken from him by an unscrupulous friend who became one of the strongest figures in New York's financial district. Through the ingenuity and cleverness of this girl New York's most powerful Wall street operator is beaten "at his own game." This is an unusually good picture. Don't miss it. Marie Walcott, the fearless Universal western star will also be here tonight in a short western drama entitled "Tempest Cody Gets Her Man."

## Prominent New York Doctors Tell Why They Believe In PHOSPHATED IRON

They say it is the most valuable nerve-tonic strength and blood-builder any physician or hospital can use, often increasing the strength of delicate, nervous, run-down people 100% in two weeks' time.

Of great importance to the public generally should be the opinion of Dr. Joseph Ciaramelli, prominent New York Specialist and Authority, formerly Staff Physician of The Hospital Incurabili, and Consultant to The Hospital Jesus Marie, Naples, Italy, who is accepted as an authority by

JOSEPH CIARAMELLI, M. D. Formerly Staff Physician of The Hospital Incurabili and Consulting Physician to The Hospital Jesus Marie, both of Naples, Italy. European and American Medical Graduate.

Dr. Ciaramelli in discussing the merits of this great blood tonic says: "It is without hesitation, I recom-

mend Phosphated Iron. If people would only take Phosphated Iron when they feel weak, nervous, and run-down instead of doing themselves with ineffective remedies, I am convinced that there are thousands who could quickly build up their red blood corpuscles, increase their strength and nerve energy, put on flesh, and look and feel 100% efficient. A great number of people suffer for lack of iron and phosphorus, but do not realize what is causing their delicate health. In my opinion, Phosphated Iron is the most valuable nerve-tonic, strength and blood-builder any physician can prescribe."

When a noted physician like Dr. Harlan Page, Authority on Diseases of the Blood and Nerves, formerly House Physician to The Metropolitan Hospital of New York, comes out frankly and publicly endorses Phosphated Iron, it must arouse the interest of every thinking person.

Dr. Page in speaking of Phosphated Iron says, "Severe tests made on many of my patients absolutely convince me of the extraordinary value of Phosphated Iron, as a tonic and health-builder. I have seen this pale, nervous, run-down people, old and young, double their strength and endurance, regain their appetite, increase in weight, and after a few weeks' use of this splendid remedy, look and feel years younger. By enriching the blood and creating red blood cells, Phosphated Iron strengthens the nerves, rebuilds the weakened tissues and muscles, and instills new energy. Every physician and hospital should prescribe Phosphated Iron. Are you anemic, weak, nervous and listless? Then you owe it to yourself to try Phosphated Iron. Make this test: Weigh yourself, then see how long you can work or how far you can walk without becoming tired; next take two Phos-

### Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on the merit and it should help you. No other kidney medicine has so many friends. Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Portsmouth Times.

Two reel feature comedy and a 5 part feature at Temple tonight. Cecil B. DeMille, director general of the Famous Players-Lasky Corporation, and producer of "The Sign of the Cross," to be shown at the Temple tonight is a stickler for fine acting, and he personally selects the cast used in each of his productions, often spending weeks on the work of casting alone.

"For Better, For Worse" is no exception in this particular. All of the roles, from the leads down to the minor parts, are taken by actors of prominence and reputation, and a list of their names is sufficient assurance that the acting will be of the very highest quality.

Elliott Dexter, who will be remembered as the husband in Mr. DeMille's "Old Wives for New," and as the hero in "The Sign of the Cross," has the leading role.

For better, a popular leading man who returns to the screen after serving many months to army service, I portray the second leading male role.

PRESENTS MITCHELL LEWIS "JACQUES OF THE SILVER NORTH"

Don't Fail to See This Thrilling Story of the Great Northern Country at the Columbia Tonight Only.

If you like pictures of the North North, Mitchell Lewis' latest Select Picture.

It is the story of Jacques a Rouer, a Canadian trapper, who sacrifices everything for the girl he loves. Memory Patrol is forced to marry Treffery, a product of elite society, but is fugitive in the North. Jacques main aim is to make the world as happy a place as possible for Memory. The girl he worships. He frees her from the objectionable bonds that tie her to the man she hates and later sacrifices everything to make her happy.

The story is beautifully told, excellently directed and many exquisite bits of the North country furnished a background for this delightful picture. An excellent cast including Bill Brannette, who plays the lead opposite Mitchell Lewis.

A chase on dog sleds through the snow and a fight the like of which has never been seen on the screen ends this dramatic picture of the Northwest, "Jacques of the Silver North."

Wm. S. HART "Square Deal Sanderson"

"Square Deal Sanderson" Is Fine Western Photo-play at Lyric Tomorrow and Saturday.

In "Square Deal Sanderson" picture, W. S. Hart's newest Western picture, which will be shown at the Lyric theatre tomorrow, will be found one of the strongest stories ever employed for a scenario. It was written by C. A. Selzer and pictured by Lambert Hillier.

It tells about a Westerner who sees a homestead shot in the back, who afterwards kills his assailant. A letter to the homestead owner, who is a millionaire, tells him that a man in New Mexico who writes that he is kept by a man who is trying to steal his property. Square Deal goes to her rescue and poses as her brother, whom she had not seen from childhood. He saves her, gets into and out of many hot swamps, but finally beats the villain and his band and wins the girl as his reward.

Ann Little plays the girl and of course Bill Hart is the Westerner whose "handle" typifies his character. This picture is said to be one of Bill Hart's best achievements, which is the portend of the day may be said to be "making some."

# SENATE FAILS TO RATIFY TREATY; LAYS DOCUMENT ASIDE, ADJOURNS

## NEXT MOVE UP TO PRESIDENT

WASHINGTON, D. C., Nov. 20.—The third vote on a straight ratification of the peace treaty with Germany and the League of Nations, so far as the United States is concerned, today again is in the hands of President Wilson. Failure yesterday and last night of all efforts to have the treaty ratified in some form by the senate brought the situation just where it was six months ago when the peace treaty was submitted to the upper house of congress and technically the peace is no nearer than it was on Armistice Day, more than a year ago.

Following after three attempts to ratify the peace treaty, the senate last night laid it aside, ended the special session and went home.

All compromise efforts, and the three resolutions of ratifications all went to defeat. The Republicans evidently despairing of bringing two-thirds of the senate together for any sort of ratification then put in a resolution to declare the war at an end.

Two of three ratification votes were taken on the resolution drafted by the Republican majority, containing reservations which President Wilson had told Democratic senators in a letter earlier in the day would mean nullification of the treaty. On each of the votes most of the Democratic supporters of the treaty voted against ratification.

The first vote on this reservation stood 39 to 55 against. On the second, one taken after several hours of preliminary wrangling in which the Democrats made efforts to bring over some of the Republican group of mild reservationists, 41 senators voted in the affirmative and 51 in the negative.

## Wilson Names New Industrial Conference

WASHINGTON, Nov. 20.—President Wilson today appointed a new industrial conference and called it into session here December 1.

The conference will be composed of seventeen men including government officials, business men and former members of the cabinet and former governors of states and it will carry on the work undertaken by the national industrial conference, which was founded on the rock of collective bargaining.

The personnel of the conference follows:

Secretary of Labor Wilson; Former United States Attorney General Stanley King, of Boston;

## REGIONAL DIRECTORS HAVE FREE HAND TO DEAL WITH THE COAL SITUATION

CHICAGO, Nov. 20.—Regional directors of railways today had a free hand in dealing with curtailment of non-essential industries and unnecessary passenger traffic and extraordinary efforts to conserve and distribute the nation's steadily diminishing coal supply were being made. Under that authority granted by Walker D. Blues, federal director general of railways, after a two day conference with the agency in charge of the Mississippi and south of the Ohio rivers, except for a small area in the Pocahontas region, today had been placed on a war-time ration basis, and amendment of laws in addition to the 148 already taken off, was under consideration.

Other drastic action looking toward reserving the available supply for essential industries, public utilities and domestic consumers included, stopping deliveries to all non-essential industries in Cleveland and delivering to Omaha, Nebraska, only on written application approved by the local coal committee.

Except in the West Virginia fields, upon which it was announced the rest of the country would draw for a short time, necessary requirements, there was little hope today for increased production.

Should the apparently deadlocked conference at Washington not reach an agreement within a week, martial law in mining districts and state operation of mines was planned in Iowa, Governor Harding said he was considering taking over the mines, offering the miners an increased wage and compensating the operators, until a settlement was reached.

The first troop movement into a coal field since the first days of the strike was reported from Wyoming. Thirty soldiers were sent to Winslow, Wyoming, where a small group of alleged alien miners, armed with rifles, stopped American and naturalized workers from returning to the pits.

NEGOTIATIONS CONTINUE

WASHINGTON, Nov. 20.—Continuing negotiations today with a view to settling a wage scale in the central competitive coal field, operators and mine workers were hopeful of making progress, committees yesterday got down to actual work after hearing the view of Fuel Administrator H. A. Garfield, and though the production of coal remained at a standstill in the states of Illinois, Indiana, Ohio and part of Pennsylvania, adjustment of disputed points was not considered impossible.

The scale committee of the operators remained late in session last night after Acting President John L. Lewis, of the mine workers, left its session with his party. Today observers looked for operators to present their

OHIO—Fair and warmer tonight; Friday partly cloudy and warmer.

## OPENING STOCKS

NEW YORK, Nov. 20.—Further selling of speculative shares at the opening of today's stock market seemed to be largely inspired by the defeat of the peace treaty. General Motors lost 6 points and others of that class 1 to 3. Oils, steels, equipments, shippings and tobaccos eased to like extent, but rails offered better assistance. Crucible Steel was the only noteworthy exception to the downward trend. Its 8 point rise being attributed to the severity of that stock in the loan market. General Motors and some of the oils made complete recoveries within the first half hour.

## Rioting In Cairo

CAIRO, Sunday, Nov. 16.—Ten were killed and 120 injured, 30 of whom suffered gunshot wounds, in a riotous demonstration, which continued here all day today.

Three police stations were set on fire by mobs which liberated prisoners and paraded the streets, carrying wounded rioters. British troops restored order.

## REVOLUTIONARY FORCES IN VLADIVOSTOK DEFEATED IN FIERCE ALL DAY BATTLE

VLADIVOSTOK, Tuesday, Nov. 18.—(By the Associated Press)—Revolutionary forces which for the last two days have attempted to obtain control of this city were completely defeated by government troops today in a battle, which was commenced before dawn. General Galits, the revolutionary leader, was wounded and captured and his followers were driven from every point of vantage by government troops.

Shortly after midnight the government troops moved two three-inch field guns into a position at the Sibirskaya bridge, by which this main thoroughfare of the city crosses the Sibirskaya railroad. The bridge is only 300 yards north of the station and a little later, from which they took a drive from the naval training school, proceeded to the business center of the city, while armored cars began arriving at the bridge.

Before the battle opened international policemen and three American soldiers guarded entrance to the railway station, from which they took two Russian women who had been arrested there since the fighting started.

At one o'clock there was a burst of machine gun fire against rebels holding the railway yards and gunshots started to drop shells on the station. Some of the shells set fire to the barracks of the American replacement battalion.

Fire was opened at 4 o'clock on the station from field guns stationed at the Sibirskaya bridge, which had a clear field of fire. Later the fighting became general with the revolutionaries falling back everywhere and finally being driven from the station.

Monday morning at 8 o'clock the social revolutionary Zenkov group proclaimed a new democratic representative government.

At 2 o'clock Monday afternoon the opposing forces clashed in a savage battle for the possession of the railway station approximately 6000 rifle and machine gun shots being fired before nightfall. Government forces, under General Rozanoff, held the entire town with the exception of the immediate vicinity of the station.

Allied troops patrolled the city, with American troops protecting American organizations. The United States rulers New Orleans and Brooklyn under command of Vice Admiral Rodgers, are lying in the harbor.

After the proclamation of the revolutionaries yesterday morning, in which they announced their opposition to Kolchak, a semblance of a military force was formed on General Galits' train, Irm Alexanderovitch, Yakushkin being named president.

After three raids against the railroad station General Galits' troops occupied the building and he established headquarters there at about 5 p. m. The losses to the government troops were not announced. It is estimated that 100 civilians were victims of the firing, some being killed.

The American Red Cross is caring for 58 wounded. A British Red Cross officer was killed at the station plaza. T. W. Roland, of Hermosa Beach, California, a sailmaker's mate on the New Orleans, was hit by a bullet and is not expected to live.

Announcement was made by the allied military council at 6 o'clock last night that it had decided that the allies should not interfere in the movement, which was considered political in character.

## FRANCE ALARMED OVER FAILURE TO RATIFY TREATY

PARIS, Wednesday Nov. 19.—(By the Associated Press)—While the failure of the American senate to ratify the German treaty has apparently alarmed France, it seems to be not so much the fear that the United States may not adopt the joint agreement with England for the defense of France, which is appraised in the minds of all French people.

## COLORADO'S SECOND STRIKE

DENVER, COLO., Nov. 20.—Colorado's second coal strike within the month officially began this morning. The strike was called by George O. Johnson, district president of the United Mine Workers of America, because of allegations that not all the striking miners had been taken back to work. The chief grievance of the miners was with the Colorado Fuel and Iron Company, largest producer in the state, which announced recently that all men would be taken back except those active in promoting the recent strike.

## ROYAL WELCOME FOR FRANCE

NEW YORK, Nov. 20.—The enthusiasm with which New York has welcomed the Prince of Wales showed no signs of abatement today. The crowds that jammed the downtown streets when the royal visitor started on his sight-seeing trip through the financial district were even denser, if possible, than those which greeted him on his arrival yesterday. The day's entertainment included visits to places of interest in the city.

Paris Nov. 20.—(By the Associated Press)—The adjournment of the United States senate for the session without ratification of the peace treaty created much surprise in peace conference circles, as dispatches from Washington had suggested that some compromise was probable. Henry White, of the American delegation, replied the news from the Associated Press while he was attending the supreme council session today. The members of the council after adjournment withheld comment.

## HIT AT THE SOLAR PLEXUS

THE federal judge, who sits at Peoria decides that war time prohibition, continued after hostilities have ceased, is legal and it is only in the power of congress to act when peace conditions are restored.

As Peoria, until the war, came and production was stopped, was the greatest liquor manufacturing city in the world the decision may be said to be a blow to the dethroned King Alcohol right where he lives. True enough another judge has ruled diametrically contrary to the Peoria holding, but against that may be set another half dozen courts that are of the opinion therewith, so the weight of judicial wisdom is adverse to the contention that congress has no authority to pass laws in entire suppression of the production and sale of intoxicants.

As to the other point involved in the raging contention between the wets and the dries, that the proclamation of the acting secretary of state, declaring national prohibition adopted became null and void when the Ohio people defeated ratification by repudiating the action of the state legislature thereon the heft of the fact seems to be with the wets, assuming that the federal supreme court will hold the people of Ohio had the right under their constitution to pass upon the ratification measure. The point therein involved is that it takes three-fourths of the states to ratify an amendment to the constitution and this was not an established condition precedent, because when the proclamation was issued, Ohio was recorded as one of the thirty-six ratifying states, whereas legally she had not ratified. The dries maintain that there can be no Ohio referendum on acts of the legislature when the matter in hand is one affecting the constitution of the United States, but this is a point so utterly technical that it is not likely the federal supreme court will entertain it seriously and it now has the final determination thereon in hand.

The other dry contention is there were thirty-seven states certified as ratifying when the necessary proclamation was issued, New Mexico making the one state over the required constitutional three-fourths. Here we have simply an issue of fact. The New York Herald's Washington bureau, which is usually reliable, when it comes down to bald facts, is authority for the statement that on the vital date only thirty-six states had certified; one of the hired mouth pieces of the Ohio anti-saloon league is the contradictory claimant.

Between the two the public is at liberty to believe, which it chooses and that is just what it will do.

## LEARNING A HARD LESSON

CUTTING the nose off to spite the face is an act that never enhanced beauty nor yielded profit in anyway, as proven by the sad plight of Toledo today.

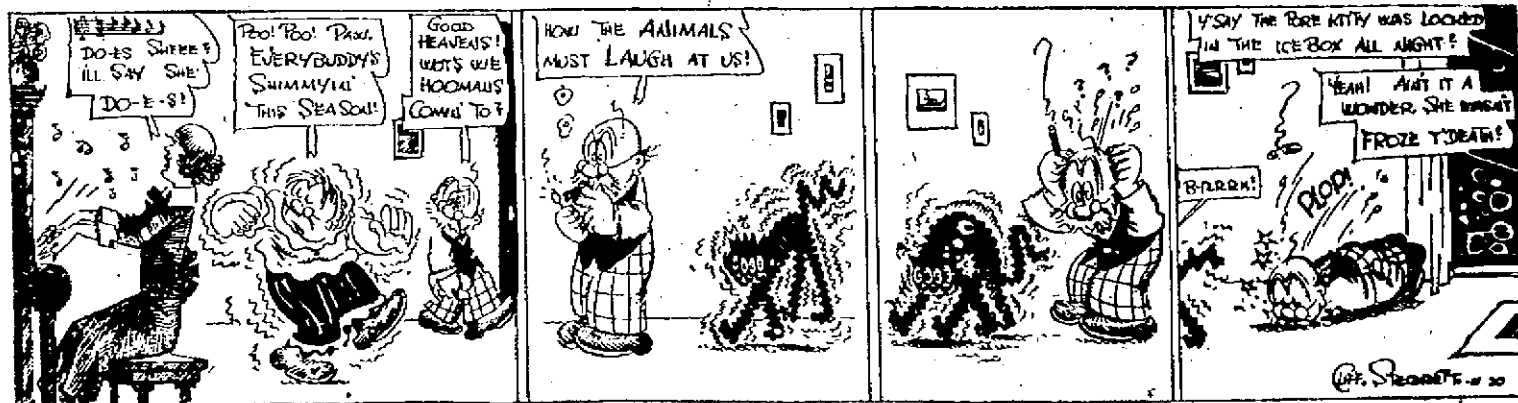

In no whit different from other like utilities the Toledo street railway company found itself in difficulties, with the opening of the war, and floundering deeper in them as the days of battle and strife rolled by and brought in their trail an ever increasing scale in the prices of labor and commodities.

From this situation relief was sought in an increase of fare to six cents, with a charge of two cents for transfers. Right here Toledo showed herself just like all other towns, possessed of an unreasoning antipathy to any utility operated by private or corporate interests. So instead of paying the new rates it got absurdly excited and proposed itself to buy and run the street car system. The people actually voted for it to do that very thing. As soon as the result was announced the railway people shipped all their cars and equipment out of the city, leaving only the power house and the tracks, and the next day all Toledo had to walk, or else travel in a jitney in altogether sporadic manner. Soon the jitneys found they could not haul at five cents, so the same sapient council that had driven the street cars out because they charged six cents, granted them permission to charge ten cents. However, the worst was yet to come. With cold weather most of the jitneys withdrew from the job while those remaining are making a brave effort to keep going by charging 25 cents a trip, after dark.

Toledo has carried her prejudices and a freak idea too far. Her trouble was that she was never of the mood to meet the railway owners in a fair mind. Had she been she could have, in all human probability, arrived at a reasonable solution of the fare contention. She made no sincere effort to determine, whether or not six cents was a justifiable fare. She simply held it was an extortionate one and made what might have been an aggravated situation one of intolerable annoyance, discomfort and loss, yes, to the owners of the railway, true enough, but one far more serious to the public. And the end thereof is not yet, scarce begun if she undertakes to operate the street cars on her own account.

## A RED LETTER DAY

WE were just wondering if anybody else happens to recall what a momentous date this was, a year and a quarter ago, how in fact it held the world's fate trembling in the balance. On the 17th day of July, 1918, the French and the Americans, for the first time combined, started their famous reserve smash against the last drive the Germans had launched on the 15th. The first day all went exceedingly well, but the next there was a slowing up and the third and fourth brought a distracting pause. On the 22nd there was a decided advance. On the 29th the Americans routed the famous Prussian Guard and then and there turned the battle tide all one way—the war was won.

Referring to a free state of the union a contemporary exclaims it is a sovereign state no longer. A misconception. It never was a sovereign state, though coming near being such under old articles of federation, therefore it is wrong to speak of it being so no longer. In strict acceptance it is not a free state either. Free means liberty to do as will, but a state is mightily hampered in its movements by the federal constitution, so it does not act of will and therefore is not free. We say it is, in a limited sense and because of convenience.

That flag pole, in front of the high school building is only a makeshift and as soon as it serves its main purpose of raising an altogether different pole, straight and symmetrical, and painted white, it will be removed.

## SHE MARRIED AN AVERAGE MAN

I used to think that women who had husbands, millions, homes and children must be so inordinately happy that they ought to skip, jump, laugh and sing every minute. Instead of moving about calmly like ordinary people.

It took me a long time to realize that the reason they did not live in a perpetual ferment of exaltation was because they felt no different from other folks. And the reason they felt no different from other folks was because they were used to the wonderful things they had. There was no thrill in them.

Excitation comes from sudden, unexpected joy. These women had no such comfort, protection, wealth, love and pleasure that there were no joys for them to be surprised by.

Moreover, they had not the Great Gift.

What is the Great Gift? Why, liberty! A complete and fearless freedom, the only thing that enables you to live, rejoice, exist and perpetually sing!

These rich women didn't have liberty. They were slaves to convention, experience, social duties. Often, too, they didn't even have love, or comradeship, or an interest in life.

I may be an hysterical old fool, but since I wrote in my diary the other day that I was going to get free, I love my life, not somebody else's, solve my problems myself, not have someone else solve them for me, and keep fast hold of my work. I have been happy as a pig in a sty.

I honestly believe that if Jim suddenly deserted me, friends forsake me, and I hadn't a dollar or a place to sleep, I should laugh with the joy of complete freedom. I would find work even if I had to be some one's housemaid. I would rebuild my life along

lines of liberty. I would let nothing else or foolish stand in the way of my development. I would be guided by only one rule—not to do anything to harm others, or to harm myself.

Later,--As if to mock at all my fine theories, Jim has just told me he has invited his mother to come and visit us. The effect upon my spirits was exactly the effect of a pinpoint jabbed into a hot balloon.

Pride goes before a fall, they say. Well, I certainly never knew it to fall that if ever I had a particularly joyous spell of what Athens calls "the merrits," something disagreeable happened.

"You don't seem very enthusiastic," commented Jim, when I remained silent at his news.

"I suppose I'm selfish enough to want to be consulted in such little matters," I said, none too graciously.

"Well, you wouldn't have objected, would you?"

"That has nothing to do with it. Jim, I don't see why you never take me into your confidence. Whether it be business money, partners, a dwelling place or a visitor you never think it necessary to tell it over with me."

"Do you ever discuss with me the friends you pick up, the work you undertake or the way you manage your affairs?" I asked, almost contemptuously.

"I repeat, you never take me into your confidence. Whether it be business money, partners, a dwelling place or a visitor you never think it necessary to tell it over with me."

"I'm married," Jim replied slowly. "One can't have it all, you know."

O. O. MCINTYRE

NEW YORK, Nov. 20—Those hardy, where soft and other drinks were sold in the late afternoon at the late in pure quality and at reasonable prices.

No drunken men were seen and the meretricious custom of group treating was forbidden. So many garbages held up their hands in horror at the idea that a bishop should be seen in the Subway Tavern, so many connected with rum that the ensuing malicious propaganda killed the place.

The Tavern became as much of a "blushing party" Mecca as the joss house in Chinatown; "Xap-wagons"—liquor cabs called the slyly sneering workingmen a substitute for the saloon. Had the Subway Tavern been so remotely connected with rum that the ensuing malicious propaganda killed the place.

The wall goes up among the New York laboring classes that the rich have their clubs and well stocked liquor cellars. They have no common meeting place now in the tenement districts. The purpose of the Potter Subway Tavern was to provide for the delectable metropolitan strongholds as just men and women a well run, legitimate place for liquid refreshments, Sunk Center, Wis., taraded the

Wilton Lockave is wearing whiskers in "Polym Days" at a New York theatre. Many of us recall when Wilton Lockave in less than a year ago was Uncle Tom in a play called Uncle Tom's Cabin.

A new fad has hit New York. It consists of collecting islands in Maine. Nearly every newspaperman and one tourist on Park Row has an island. They cost complete—with a house and everything—any place from \$10,000 to \$100,000 and a lot of scribbles and artists are going to defeat the old J. C. L. next year with them.

WHO'S WHO  
IN THE DAY'S NEWS

JOHN KRAMER

"Honest John" Kramer, the Mansfield, Ohio, lawyer and Sunday school teacher who has just been appointed national prohibition commissioner is the product of an Ohio farm. Born in Highland county in 1860 he attended the country schools, the high school at Bellville, O., and the Ohio Northern University. Obtaining a bachelor's degree in 1882, he entered upon seven years of school teaching. Then he attended the Ohio State law school, graduating in 1902. He has since been practicing law in Mansfield.

Working out his own career, since they fell to him, including two terms in the Ohio State legislature. Mr. Kramer has come to have strong convictions on law enforcement. He declares the new federal prohibition enforcement act is sufficient and can and will be enforced. He is determined to make American bone dry.

As national prohibition commissioner Mr. Kramer will receive a salary of \$2,500 a year. Congress has appropriated a fund of \$1,000,000 for the enforcement of prohibition, which will be at his disposal.

"Church saloons"—to the embarrassment of the bartenders and the disgust of honest patrons.

The Tavern breathed its last after a year and a half. Social students essentially and antithetically different from first street disreputable, the "quiffers"—revivified that the only house is a neighborhood necessity. The saloon was whatever else it might have been the clubhouse of the workman, who serves the daily fastnesses of the stereotyped settlement house.

He prefers the Boston Gazette pictures of John L. Sullivan on the wall and the last "trotting" Maud Sl. In portraits of bloodless looking New England poets, photographs of the ruins of the Coliseum and a superfluity of brass bowls and vases overflowing with cut flowers and autumn leaves. He liked the old days where the big bowls held cheese, crackers, pickles and on special nights pickled pigs feet.

It is interesting to watch certain cafes in New York burst suddenly into popularity. There is, for instance, not a cafe downtown with any more life than may be found away up at the Arroyo Inn at 20th street and Broadway. There are bright lights, bright eyes, "shimmies" and bright downs to say nothing of a double line of automobiles. It is the do-or-die for the uptown "snobs."

Max Boehm, who ran the inn up to two months ago, has been succeeded by his son, who has the same Max who for many years ran McElwain's Pass Tavern in Central Park and gave a minimum of wine to the first sleigh of the year to reach the tavern. But Max has passed on and the minimum is a thing of the past. One might as well offer the Hope diamond.

Curly Locks, Curly Locks, will thou be ours? Then shalt not wash dishes, nor yet weed the flowers. But stand in the kitchen and cook a fine meal. And ride every night in an automobile.

Curly Locks, Curly Locks, come to us soon! Then needst not to rise until mid-afternoon. Thou mayest be Croatian, Armenian or Greek. Thy garbion shall be what thou askest per week.

Curly Locks, Curly Locks, give us a chance! Thou shalt not wash windows nor iron thy pants. Oh, come to the coziness of seven-room bowers. Curly Locks, Curly Locks, wilt thou be ours?

—New York Tribune.

Tough Mrs. Brown—Don't you find it awfully hard doing your own work? Mrs. Smith—Oh, I don't mind the work; in fact, I did the most of it when I had a maid. But it is rather wearing not to have any one to find fault with.

Interesting, Indeed "Interesting story told, isn't it?" "Very. He never began a yarn with the old brocade. I shall never forget it as long as I live."

Once Was Enough The young man was a devout lover of opera. All through the second act his hostess had chattered and smirked, entertaining the small party in her box and disturbing a large part of the audience.

"You must come again," she said as the curtain fell.

Bumper Bumped A bumping block at the end of a side track was knocked into the middle of Lincoln and Tenth street railroad crossing Tuesday night when a yard engine "set in" a car on the track with such force that the block was knocked out of place, the car running onto the paved crossing. The local wreck crew had the car rerailed in a short time.

# CHAMBER OF COMMERCE DRIVE SURE OF SUCCESS

## Two Thirds Of Entire Quota Already Secured

1500 Members

Turned in reports yesterday, of new applications totaling nine, and may be counted upon for a much larger report before the end of the campaign.

One encouraging feature of the present grand total is that several of the firms from whom plural applications were expected have not yet been heard from.

"I believe we will have sixteen hundred before the campaign is over," said Alvin Jordan, the chairman of the Executive committee yesterday.

Today's noon luncheon will be addressed by the Rev. D. C. Boyd with Samuel Hershov acting as chairman. So far each noon luncheon has been attended by at least 150 Peptonists and the gathering of enthusiastic workers, all out to do their best for Portsmouth and her future, is worth many minutes of any man's time to see. Directly after the meal, is over, the whole body begins to sing and that means the whole body is one.

Scattered individuals here and there throughout the room. Yesterday, when Jordan made his report of 225 calls made, six people seen, and six applications secured, some one shouted, "What's the matter with Bill Burt?"

and immediately all the Peptonists began to sing:

"What's the matter with Bill Burt? He's all right!"

"What's the matter with Bill Burt? Out of sight!"

One thousand members look good to him.

Now take it from us we're strong for him.

What's the matter with Bill Burt? He's all right!"

The luncheon break up promptly at 1:15 so that all who came may not be detained from their work for the afternoon at this busy season. These luncheons are open to any citizen of Portsmouth who desires to come and Peptonists are urged to invite prospective members, and those who have already secured applications to attend and get a little of the Peptonist spirit.

## SENATE FAILS TO RATIFY TREATY

(Continued from Page 1)

tion, after Congress re-assembles.

The second vote on the majority's ratification resolution was made possible by the mild reservations, who voted with the Democrats to get the measure before the senate and thus give an opportunity for any eleven-hour compromise proposition. Once that had been accomplished, however, the mild group held out against all efforts of the Democrats to put in their bill in time for the vote, so that when the second vote was reached after several hours of sparring, the situation was virtually unchanged.

The resolution for ratification with mild reservations was put in by Senator Underwood, Democrat, Alabama, after the second defeat of the other measure.

It was held in order and voted upon without debate, but when Senator Pittman, Democrat, Nevada, sought to get action on another resolution containing interpretative reservations, the treaty was cut short by a point of order by Republican Leader Lodge.

Vice President Marshall held that previous decision of the senate in overriding his minority would operate to sustain the position taken by Senator Lodge.

It was on a tie vote that the treaty after being before the senate for many weeks, then was laid aside.

On Senator Lodge's motion to take up legislative business, no roll-call was requested and the vice president declared it adopted by acclamation.

The final vote on adjourning sine die was 47 to 27.

**Vote To Adjourn**

Senator Lodge after adjournment, declared "the treaty is dead so far as this senate is concerned."

Republican leaders said the senate need not advise the president of its action nor return the treaty to him with formal notice.

Four Democrats, Gore, Shields, Smith, of Georgia, and Walsh, of Massachusetts, voted with thirty-five Republicans for adjournment.

Democratic senators favoring ratification either without reservations or with less drastic interpretations, voted against the resolution, which had been described by President Wilson as one of "modification" rather than ratification.

The negative vote consisted of 45 Democrats and 13 Republicans. The latter were: Borah, Brandegee, Fernald, France, Gronau, Johnson, Smith, of Georgia, and Walsh, of Massachusetts, voted with thirty-five Republicans for adjournment.

## Miss Strong Arrested; Sheriff Goes After Her

Miss Julia Strong, former superintendent of Hempstead hospital, wanted here on an indictment charging misappropriation of funds while she was at the head of the institution, is under arrest at New York City and is held for the local authorities. This information was contained in a telegram received last night by Sheriff

W. E. E. Rieky, who left this morning, accompanied by his wife, for the east to return the accused to this city for trial. The sheriff went via Columbus, where he will obtain requisition papers from Governor Cox for the return of the prisoner.

Miss Strong was taken into custody late yesterday afternoon on her arrival on the Steamship

La France, on which she returned from France, where she has been for several months, attached to the Red Cross. She left that country and returned to America, it is said, at the urgent request of high officials of the Red Cross, who demanded that she clear herself of the charges against her. Sheriff Rieky expects to return Saturday with the prisoner.

## CHARITY BALL PARADE IS SUCCESS

The Portsmouth Lodge of Elks staged a real auto parade in Portsmouth last night.

Designed to boost the Charity Ball to be held Friday night, December 5, it accomplished its purpose and then some. Thousands of people were out to view it, and the line of march was

illuminated with red fire.

A band occupied a big truck, which headed the parade, and it entertained matters with stirring music. The motor cavalcade looked its way through the city and the symphony of sirens brought many from their comfortable firesides, forcibly reminding them that the Charity Ball is an approaching event and is to be made a memorable affair in Portsmouth.

We had almost 50 machines in line filled with Elk boosters, and the parade was a big success. Now, to make the dance as big a success, Chairman Oscar Monrad said last night.

## Machine Is Stolen

J. P. Yancy, local agent for the National Cash Register company, reported to the police at 10 o'clock this morning that his Buick touring car

was stolen.

He left it parked in front of the "Harbor of Commerce" headquarters at 9 o'clock this morning.

When he returned to get it at Secon and Charlotte streets the car

was missing.

## Varga Defeats Ellis

JULIA FRENCH GERAGHTY AGAIN STIRS UP SOCIETY. THIS TIME BY DIVORCE ACTION.

Jack Geraghty, Mrs. Geraghty, formerly Julia French, and their little son, Jack Jr.

John Ellis, of Charleston, S. C., went down to defeat for the first time this season when Joe Varga defeated him last night in one of the best bouts seen here this year. The Greek was in grand condition and put on a splendid bout, taking the first fall in 21 minutes with a body seiser and armlock. Varga took the next fall with a toe hold in fourteen and one half minutes and repeated in two minutes, the Greek having one of the bones of his hip dislocated.

Ellis was sorely disappointed over the outcome of the bout, being confident that he could get the better of Varga. On several occasions he let the local man have the holds which Varga could do nothing with but finally the latter tricked him into an unbreakable one and came down hard on it. The Greek asked for a return engagement and the crowd seemed to favor giving him another chance.

## INJURED, COMES TO CITY FOR TREATMENT, LEARNS TREE LIMB FRACTURED SKULL

Honore McCann 40, timber worker, while engaged in getting out timber on lands at Crawford station, Vernon township was seriously injured yesterday afternoon when he was struck

on the head by the limb of a falling tree.

He was knocked unconscious for a time but later was able to come to this city for medical aid.

Arriving here last night an examination by Drs. D. A. Berndt and S. J. Murray disclosed that the man had sustained a fracture of the skull and he was sent to Hempstead hospital.

McCann's condition is not regarded as dangerous.

## BOY'S FACE IS BADLY BURNED

Carl, eleven-year-old son of Mrs. Zois Overdorf, of McDermott, was dangerously burned several days ago at his home when he held the powder

from a shot gun shell in front of his face and then lighted a match, the powder lighting and burning his face.

The lad was brought to Dr. Walter Braunlin's office last night, to have his eyes treated, the boy's eyes being badly

burned. The victim suffered terrible pain from his burns for several days before being brought to the city for medical attention.

Dr. Braunlin is confident the sight can be saved although the face will have to be bandaged for some time.

He had carefully removed the shot from the shell and had no doubt planned to ignite the powder later.

but when he lighted the match the powder ignited and the flames burst in his face. His face was burned almost to second recognition and it is swollen to almost twice normal size. He was brought to Portsmouth late yesterday and after receiving medical attention was removed to the home of his aunt, Mrs. Alex Sadtler, on Third street.

## ORGANIZE PURE BRED CALF CLUB

A pure bred beef calf club is to be organized in Soloto county.

This fact was assured last night when breeders of pure-bred Shorthorn, Angus and Hereford cattle held a meeting in the office of County Farm Agent W. J. Gahn.

Frank Layton, James Folsom, Carl Appel, George Appel, J. J. Caldwell, Earl Meador, W. J. Shannon, Henry Ruel, and Daniel Oakes were present and were addressed by Assistant State Leader of Boy's and Girl's Club, W. B. Spohn, who explained the methods followed in the organization of calf clubs. It was to govern such a club were thoroughly discussed and adopted. A committee was appointed to supervise the organization of the work, and to purchase and distribute the calves.

The members of the committee are M. J. Caldwell, Carl Appel, James Folsom, and W. J. Gahn. This committee designated each Shorthorn, Angus and Hereford breeder of the county to secure at least two boys or girls as members of the Club. These men will meet on the evening of December 2 at which time the names of the boys and girls whom they have enrolled will be reported. It is the intention of the committee to have the calves with the Club members and actual work start not later than January 15.

Delictive S. C. Stewart of the N. & W. has returned from Piqua, where he figured prominently in the arrest of four men and a woman, who are charged with being responsible for several big robberies, which have

taken place in Piqua and that vicinity. Stewart worked up a tangible clue and then arrested the quintet.

According to the Piqua officials, the woman has already confessed to three hold robberies.
